Subject: Christmas Journey Workday This Friday at 9:45 AM

Team,

Thanks to each and every one of you for the support and work you provide to make this event happen each year. For those that are able, we will be working on the Lords Supper Scene this Friday beginning at 9:45 AM in front of the Rock. Brent Armstrong will be there to lead the charge to get this ready for lighting and off the "To Do" list. Pretty sure we will have the tools required (bring your cordless drill just in case); we need hands to help assemble the roof and panels on the back.

Saturday the 30th will be the next formal workday, so bring your tools and gloves as we have a long list of things to tackle. Meet at the storage shed (near the maintenance bldg) at 8:30. Lunch will be provided (I heard someone was smoking a brisket), so come hungry and take it easy on the donuts in the AM.

Lastly, we have a very ambitious schedule and construction task to build a new set for Deck The Halls. Please mark your calendars and let me know if you are available at 2:00 on Sunday November 7 to help put up the black platforms and scaffolding in the sanctuary. We only have 2 days to get everything in place so lighting and tech can begin wiring. We will also need help on the following Monday, Nov 8 throughout the day, so if you need to use up that vacation time, put that day down as well with a start time to come soon.

No need to reply about Friday or Sat, just show if you can, but please let me know about Sunday Nov 2 at 2:00 so I can cast a wider net or lay the guilt on a bit thicker if there is a thin response.

Buddy
